

Jr. Math Club (6th Grade)

Wednesdays 3:15 P.M. to 4:30 P.M.

Instructor: Mrs. Harvey

Starting **Wednesday, September 11** and ending the last week in April, the Jr. Math Club is available for any 6th grader who would like to be exposed to a Pre-Algebra/Algebra program, critical thinking skills, and intramural quarterly competitions. Students may also have the opportunity to participate in some of the invitational tournaments at area high schools (possibly two or three) which are held on Saturdays. Participation in tournaments will not be required; however, it is highly recommended.

The objective of Jr. Math Club is to go beyond their 6th grade math course and to be exposed to competition formatting once a month in preparation for further mathematical competitions (MathCounts – 7th/8th graders) as well as ACT/SAT high school testing for college.

Jr. Math Club will be held every Wednesday from 3:15 P.M. to 4:30 P.M. **Students must arrive promptly.** Please note that this club is **NOT** to be used in lieu of after school care and uninterested students will be sent to ASC at a charge to their parents. Only students truly interested and **serious** in working hard to improve their math and thinking skills should attend Jr. Math Club.

If your child is interested in attending Jr. Math Club sessions, please fill out the form below and return it to Mrs. Harvey by **August 5.**
